ACCELERATING MEDTECH TO AMERICAN PATIENTS

An Invitation from MDIC President and CEO

The United States leads the world in medical technology innovation, and **MDIC plays a crucial role in accelerating the development and delivery of life-changing medical technology to American patients.** For over a decade, MDIC has been an engine driving down the risks of innovation for MedTech Innovators. By bringing together industry pioneers and innovators, regulatory authorities, patients, payers, service providers, and clinicians, we identify and solve shared challenges so that your innovations reach patients faster.

The future of medical device innovation has never been more promising, and MDIC's role in shaping that future has never been more vital. No other industry has an organization that serves as a pre-competitive platform among all key stakeholders for critical conversations and problem solving. **MDIC facilitates collaborative solutions that accelerate innovation and drive regulatory efficiency, with real-world impact for patients and America's innovation ecosystem.**

I invite you to learn more about where you and your company fit into MDIC's essential mission. We are growing rapidly and this is a great time to join this vibrant community of your peers.

Andrew C. Fish
President and CEO, MDIC

MDIC Member Benefits

- Exclusive opportunity for any full-time employee to participate in our **Innovators Circles** of subject matter experts who work together in **Project Teams** to identify shared challenges and develop collaborative solutions.
- **Credited participation in the development of industry-leading resources**
- Leverage MDIC's real-world evidence development program to support your next FDA submission.
- Be welcomed into a **vibrant peer community** of executives, regulatory professionals, industry leaders, researchers, innovators, clinicians, and patient advocates who are improving patient access to better and safer medical technology—including access to **Member Forums** and other member-exclusive engagements
- Utilize a national platform to **showcase your company's leading advancements** in manufacturing innovation, technology development, patient safety and more
- **Members-only discounts** on MDIC events, education, and resources
- **Exclusive early access to MDIC resources**
- Collaborative support for **projects of strategic interest to your company** that eliminate barriers or reduce risk for the MedTech ecosystem at large

INNOVATION

POWERED BY OUR MEMBERS

MDIC

We're Taking Risks Out of Medical Device Innovation

Executive Stewards, leaders in their fields, serve as thought leaders and advisors for each Center, elevating needed projects and identifying connections across topic areas.

Innovators Circles convene around specific topics within a Center and meet regularly to share expertise, highlight emerging issues, and develop project proposals for MDIC adoption.

Project Teams initiate and support specific projects, are credited in product publications, and advise on ecosystem adoption.

Your Company Will Benefit From Engagement at Every Level!

A Trusted Partner, A Proven Approach

MDIC is proud to convene a unique array of stakeholders across the MedTech landscape.

Medical device manufacturers who participate gain practical solutions that reduce business and regulatory risks while accelerating innovation to market. MDIC's collaborative approach not only delivers advantages for individual member organizations but also yields meaningful benefits for patients and the healthcare system.

What Impacts Can You See When We Work Together to Solve Common Challenges?

Higher Quality Devices

Improved Regulatory Pathways

Expedited Time to Market

Enhanced Patient Access

Better Evidence for Approval, Coverage and Utilization Decisions

MDIC

MOMENTUM OF SUCCESS

“Premier, Inc. and NEST Partner to Drive Medical Device Innovation with Real-World Data and Evidence”

“MDIC Launches Initiative to Improve Accuracy of Next Generation Sequencing-Based Cancer Advancing Next-Generation Sequencing Validation”

“NESTcc Partners with Booz Allen Hamilton for Active Surveillance in Medical Devices”

“Latest Clearance Success for Intuitive Powered by MDIC’s NEST Mark”

“The Open Hand Initiative: Facilitating the Use of Real-World Evidence in Regulatory Submissions Through Collaboration and Transparency”

“MDIC and Deloitte Collaborate to Support and Connect MedTech R&D Leaders”

IMPACT

JOIN TODAY

Join the most high-impact, vibrant peer community in the MedTech ecosystem

Ready to Make a Difference?

We offer a diverse range of membership types, tailored to fit stakeholders across the medical technology ecosystem. Manufacturers, partners, government agencies, patient advocates, suppliers, clinicians, and sponsors—there's a place for everyone in our collaborative network. In a rapidly changing environment, MDIC is the place for the entire MedTech community to join together to solve endemic and novel challenges. Your seat at the table is waiting.
